

R	High Incidence	Moderate Behaviour Support/Mental Illness (MBS)
----------	-----------------------	--

GVSD Process:

1. School Based team (SBT) in collaboration with Case Manager will gather information about the student (as outlined in the Moderate Behaviour Support MoE guidelines) including any diagnostic report(s) and data demonstrating educational impact.
2. Case Manager initiates request to designate via the [GVSD Referral app](#).

Attach Supporting Documentation to Request:

- MBS Request to Designate Form – automatically created in referral app
- Assessment documentation from different sources provides evidence of one or more of the following:
 - a. Aggression (of a physical, emotional, or sexual nature) and/or hyperactivity; and/or
 - b. Negative or undesirable internalized psychological states such as anxiety, stress related disorders, and depression; and/or
 - c. Behaviours related to social problems such as delinquency, substance abuse, child abuse, or neglect; and/or
 - d. Behaviours related to other disabling conditions such as thought disorders or neurological or physiological conditions
